Students entering Greenwood College will join a community that cares. A community where everyone knows your name and is focused on both academic and emotional well-being.
Greenwood College is committed to maintaining a rigorous and engaging curriculum. Students are encouraged to set goals and make plans to achieve them.

At the heart of the College is a strong student support ethos. Every student is a valued individual and encouraged to demonstrate consideration for others and accountability for their own actions.
Pastoral care begins with the primary to secondary transition program to ensure a smooth transition between primary and secondary school. Caring for students occurs on a daily basis and is lead by our dedicated student services team comprising of Manager, Chaplain, Psychologist, Community Health Nurse, First Aid Officer, Vocational Education Coordinator and Year Coordinators.

The student services team and school executive meet students on a regular basis for counselling and advice regarding subject selection, study skills, career guidance, and relationship issues.

Pre-University students (ATAR pathway) receive specialist counselling that incorporates ATAR tracking. At regular intervals the Principal meets with every ATAR student to see how they are tracking in line with their academic goals and vocational aspirations. Students are encouraged to make adjustments to their study habits as required.

The focus on social and emotional well being leads to greater personal and academic success. Our priority of caring for students is shared across the school.

Students and parents can expect a warm welcome to the school.
"Educating the mind without educating the heart is no education at all."
Aristotle
Cooperate, Achieve, Respect, Engage. Teachers collaborate on a regular basis sharing strategies and incorporating new research to ensure that students get the most out of their time spent in the classroom. Data driven academic priorities are identified, regularly reviewed and incorporated into the school business plan. All staff are familiar with and work towards achieving our common goals.

**Inside the Classroom**

*Our school wide pedagogy underpins all teaching and learning programs.*

Cooperate, Achieve, Respect, Engage. Teachers collaborate on a regular basis sharing strategies and incorporating new research to ensure that students get the most out of their time spent in the classroom. Data driven academic priorities are identified, regularly reviewed and incorporated into the school business plan. All staff are familiar with and work towards achieving our common goals.
Streamed classes across the core learning areas, access to technology and fully resourced programs assist students to realise their potential. Students can participate in the “Bring Your Own Device” initiative to facilitate learning both at home and in the classroom.
Outside the Classroom

There are a number of opportunities outside of the traditional classroom available at Greenwood College that students may choose. These programs help to provide balance in a busy school curriculum.
Leadership, teamwork and practical skills feature throughout our programs. Students gain a great sense of camaraderie as they work together to achieve group and individual goals.
Greenwood College has a proud reputation for the delivery of vocational programs and the consistent achievements of Greenwood students in the Vocational Training Sector. The VET program aims to expand opportunities and pathways for senior school students transitioning into the workforce.

We deliver accredited VET qualifications in seven certificate courses, provide work placements, allow students to study at TAFE and commence traineeships while still at school. Greenwood College has been ranked in the top 50 schools for VET participation.
Employment and training pathways are the cornerstone of our Vocational Education and Training program. Students can gain Nationally accredited qualifications recognised by industries across Australia.
Discover your passion for Aviation in Years 7-12 and experience a world of exciting career opportunities in the industry. Aviation is conducted at Greenwood College by one of Western Australia’s most experienced and qualified aeronautics teachers who has overseen the development of the course curriculum since its inception in 1991.
Greenwood Volleyball teams have built a strong tradition of success over the years. Make the most of an amazing opportunity to play in local, state and national competitions at an elite level. Specialist coaching and a rigorous training regime give Greenwood students a competitive edge.
Performance, creativity, self expression and collaboration are features of the dance course. Experience a range of different dance genres including hip hop, ballet, acrobatics, contemporary, jazz and cultural styles. The college has two cheerleading and dance teams that have won several state and national championships.
The Music programme offers students the opportunity to develop their individual gifts. Creative expression in the Performing Arts is possible through a variety of specialised lessons available for a broad range of musical instruments. Opportunities are available to participate in musical genres ranging from Classical to Rock. The students showcase their talents regularly within the school environment, as well as performing at a variety of events for the benefit of the community.
“Where words fail, music speaks”

Hans Christian Anderson
“We are one, but we are many.”
Bruce Woodley
Greenwood College has hosted an Intensive English Centre since 2007. Our school is well known for providing a culturally sensitive environment essential for assisting students from overseas to adapt to their new cultural and school environment. Cultural Diversity is celebrated every year during our annual World Day event.
