

Connect Information for Parents/Carers

Connect is an integrated online environment developed by the Department of Education WA for staff, students and parents in public schools.

Connect allows parents to view their children's assessment results and attendance. It is also the College's secure method for providing parents with important notices from the College. Parents must have access to Connect to receive these notices.

Any parent who has a recorded email address with the College will have access to Connect for each of their children at the College. If parents have a recorded email address they are welcome to contact the College to be provided with their login details. Your secure login details to Connect include a P-number and Password.

Access to the Connect link is via the College's website at www.greenwood.wa.edu.au. Click on the **Connect** link located on the Main Menu or open a browser on your computer, type the address connect.det.wa.edu.au in the address bar and press the **Enter** key.

Parents who have forgotten their P-number or Password or having difficulties should contact the College and state their name, their child's name and year group.

If parents wish to be removed from this service, please contact the College.
