OVERVIEW

This booklet contains information on the range of qualifications offered by South Metropolitan TAFE as Vocational Education and Training in Schools (VETiS) programs.

Information such as delivery locations, costs and uniform requirements are included to assist schools, teachers, parents and students in making the best choices for each individual.

With 17 campuses across the Perth metropolitan area, South Metropolitan TAFE is the largest provider of education and training in Western Australia.

We have hundreds of full-time and part-time nationally accredited qualifications, a range of associate degrees and a variety of industry-specific certifications across a broad range of study areas including:

- Aerospace and Logistics
- Animals and Environment
- Applied Engineering/Oil and Gas
- Automotive Technology
- Business and Information Technology
- Community Services and Health
- Building, Construction and Work Safety
- English and Foundation Skills
- Electrotechnology and Plumbing
- Engineering and Mining
- Fashion and Personal Services
- Hospitality and Culinary Arts
- Maritime Studies
- Science
- Tourism

ABOUT SOUTH METROPOLITAN TAFE VET IN SCHOOLS PROGRAMS

PATHWAYS TO EMPLOYMENT

South Metropolitan TAFE offers industry approved courses that provide relevant workplace skills at specialised industry training centres.

South Metropolitan TAFE students that complete a qualification will be on a pathway to their chosen career. Many students gain employment or go onto further training such as our certificates, diplomas, advanced diplomas, associate degrees or university.

PATHWAYS TO UNIVERSITY

South Metropolitan TAFE qualifications can provide pathways to university. On completion of a Certificate IV or Diploma, graduates can use their qualification to apply for a wide range of courses at university.

South Metropolitan TAFE has advanced standing agreements with Murdoch University, Curtin University, Edith Cowan University, the University of Notre Dame and the University of Western Australia in a range of bachelor degree programs.

Students graduating from South Metropolitan TAFE’s diploma and advanced diploma programs may gain up to one year credit in bachelor degrees of 3 to 4 years. For more information about South Metropolitan TAFE’s university pathways please call 1800 001 001 or go to southmetrotafe.wa.edu.au

FEES AND CHARGES

Secondary school students undertaking VETiS programs as part of their secondary education including pre-apprenticeships in schools programs are exempt from tuition, resource and enrolment fees. However depending on the chosen program students may be required to purchase a uniform, protective equipment, text books or trade equipment/tools.

ATTENDANCE

Students are responsible for ensuring that they attend all scheduled classes. Attendance will be recorded and any absences are reported to the school. The VET Coordinator at your school will be contacted to discuss the appropriateness of a student continuing if there are repeated absences. Students are required to inform their lecturer in advance if they will be absent from any scheduled classes. Poor attendance may mean withdrawal from the course.

DRESS CODE

Students are not required to wear their school uniform to their course but they are expected to dress appropriately.

Where special or protective clothing and/or footwear is required, it must be worn without exception. Students who forget to bring their protective clothing will be excluded from the campus workshops/classes and the school informed.

All information is correct at the time of distribution however delivery times, locations and program content may change prior to 2017 delivery.
VETIS APPLICATIONS FOR 2017 OPEN JULY AND CLOSE FRIDAY 2 SEPTEMBER 2016.

To complete the application students will require their:

- School student number
- A Unique Student Identifier (USI) - to obtain this they will need to visit [usi.gov.au](http://usi.gov.au)
- Parent/guardian email address and mobile phone number
- Latest school report
- Resume, references and/or certificates which will help support their application

VETIS programs are extremely competitive and it is recommended that as much evidence as possible is provided to support the application. These documents must be uploaded when applying through our online application system.

Applications can be submitted online at [southmetrotafe.wa.edu.au/vetis](http://southmetrotafe.wa.edu.au/vetis)

The school will be asked to endorse and support the application before the selection process begins.

FOR MORE INFORMATION, PLEASE CONTACT YOUR SCHOOL VET COORDINATOR.
Certificate IV in Aeronautics (Commercial Pilot Theory – Single Engine)

This two year qualification is designed for year 11 students who want to become a Commercial Pilot in the aviation industry.

The theoretical knowledge students gain contributes towards the CASA requirements of a Private and Commercial Pilot.

Whilst training in an airport environment, students will learn about aircraft, aerodynamics, meteorology, airplane performance, navigation, flight rules and radio telephony, as well as aviation first aid, basic fire extinguisher training and more.

Students also have the option of integrating South Metropolitan TAFE’s commercial flight training (at an additional cost), providing a flight training syllabus aimed at building flight hours. Flight training program fees and professional equipment are the responsibility of the student.

Students successfully completing this course may receive priority placement into the Advanced Diploma of Aeronautics (pending meeting all entry requirements).

QUALIFICATION DURATION
2 years

DELIVERY INFORMATION
Thursday, 8.45am – 3.30pm

CAMPUS
Aerospace Training Centre, Jandakot

ADDITIONAL INFORMATION

ADDITIONAL REQUIREMENTS
Students are required to undertake an aptitude test and be interviewed for selection.

ADDITIONAL COSTS
- Materials $185 (includes South Metropolitan supplied TAFE Pilot Uniform)
- Textbooks approximately $790

UNIFORM/PERSONAL PROTECTIVE EQUIPMENT
Students to supply/wear:
- Black closed-toe dress shoes
- South Metropolitan supplied TAFE Pilot Uniform

WORK PRACTICE
As part of course delivery, students will undertake two, one week blocks of work practice in the second year (during the July and October holidays).
MEA20415

Certificate II in Aeroskills (Avionics Pre-Apprenticeship)

This one year qualification for year 11 or 12 students provides the initial skills and knowledge required for a highly sought after career in aircraft maintenance, as well as a pathway into an apprenticeship.

Students will learn about the fundamentals of aircraft engines, airframes, electrical systems, instrumentation, gas turbines, piston engines, hydraulics, mechanical control systems, safe work practices, test equipment and more.

Students will gain invaluable practical experience in an operational aircraft hangar workshop, enabling them to learn the necessary hand skills and standards that are required in the industry.

Upon successful completion students will receive course credit into South Metropolitan TAFE’s Certificate IV in Aeroskills (if selected by an employer as an Aircraft Maintenance Engineer apprentice).

QUALIFICATION DURATION
1 year

DELIVERY INFORMATION
Thursday and Friday, 8.30am – 4.15pm

CAMPUS
Aerospace Training Centre, Jandakot

Additional Information

ADDITIONAL REQUIREMENTS
Additional Costs:
• Material fee $105

UNIFORM/PERSONAL PROTECTIVE EQUIPMENT
PPE provided by South Metropolitan TAFE:
• Hearing protection
• Safety goggles
• Overalls

STUDENTS TO SUPPLY AND WEAR/BRING:
• Steel capped footwear that complies with Australian Safety Standards

WORK PRACTICE
Students will undertake work practice in the simulated work environment at Jandakot campus hangar as part of the normal delivery of the program.
ACM20110

Certificate II in Animal Studies

This qualification will provide students with the practical skills and knowledge to assist in a kennel, cattery or other animal care establishments such as a VET Practice.

Students will learn skills in animal care, carrying out reception duties, how to respond to emergencies and follow safety procedures in animal care workplaces.

QUALIFICATION DURATION
1 semester only

DELIVERY INFORMATION
Thursday 8.00am – 5.00pm

CAMPUS
• Peel Campus (1st Semester)
  Recommended for year 12s
• Murdoch Campus (2nd Semester)

  2nd Semester may not be suitable for Year 12 students as the course finishes after the School Curriculum Standards Authority resulting deadline.

Additional Information
Costs: Not applicable

UNIFORM/PERSONAL PROTECTIVE EQUIPMENT
Students to supply and wear/bring
• Enclosed footwear at all times
• Appropriate clothing for all indoor and outdoor activities.

WORK PRACTICE
It is a requirement that students undertake the Workplace Learning program through their school in an animal care environment for a minimum of 40 hours whilst undertaking the course.

Students will be required to document their work practice hours and provide their lecturer with a copy.

PATHWAYS

SCHOOL

YEAR 11/12

S677 Certificate II in Animal Studies

SM TAFE

S681 Certificate III in Companion Animal Studies
J361 Certificate III in Pet Grooming

• Grooming assistant
• Kennel / cattery hand
• Animal attendant
LMT21707

Certificate II in Applied Fashion Design and Technology

South Metropolitan TAFE offers an exciting new pathway of learning which incorporates all aspects of the fashion production process - from design principles to construction techniques and from fibre and fabric research to pattern-making and drafting.

Main areas of study include:
• Design
• Construction (woven and knit)
• Pattern-making
• Sustainability
• Occupational health and safety
• Influences on fashion design
• Colourisation techniques on fabrics
• Electronic design tools

QUALIFICATION DURATION
1 or 2 years
Note: If applying for one day per week, only a partial qualification will be achieved.

DELIVERY INFORMATION
Thursday and/or Friday, 9.00am – 3.30pm

Students may enrol in either the Thursday (Construction) class or Friday’s (Pattern-making) class or, complete both days for the full qualification over two years.

CAMPUS
Bentley Campus

Additional Information

ADDITIONAL COSTS
Class kits and fabric samples of approximately $150 for both Thursday and Friday classes, to be paid on the 1st day.

THURSDAY CLASS: Students will be required to purchase materials depending on their chosen garments.

FRIDAY CLASS: Students may be required to purchase further design and patternmaking equipment for project work.

UNIFORM/PERSONAL PROTECTIVE EQUIPMENT:
Students to supply and wear/bring:
• Appropriate clothing
• Closed in shoes
• Hair tied back
• Minimal jewellery

WORK PRACTICE
Not applicable
AUR20912

Certificate II in Automotive Body Repair Technology (Vehicle Body Painting - Pre-Apprenticeship)

This qualification will provide students with the practical skills and knowledge to work in the automotive mechanical trades, light and heavy vehicle.

Students will learn how to prepare spray painting materials and equipment, how to prepare vehicle components for painting, how to remove and tag vehicle body components, about masking, safe work practices and much more.

May not be suitable for year 12 students as the course finishes after the School Curriculum and Standards Authority resulting deadline.

QUALIFICATION DURATION
1 year

DELIVERY INFORMATION
Thursday and Friday, 8.00am – 3.45pm

CAMPUS
Carlisle Campus

Additional Information

ADDITIONAL REQUIREMENTS
‘C’ grade or above in Year 10 maths and satisfactory english/literacy skills. Due to the technical nature of the industry students are required to have a comprehensive understanding of mathematical and literacy skills.

ADDITIONAL COSTS
• Materials fee approximately $50

UNIFORM/PERSONAL PROTECTIVE EQUIPMENT
Students to supply and wear/bring:
• Steel capped footwear that complies with Australian Safety Standards
• Safety glasses
• Overalls or cotton drill pants
• Short sleeve shirt
• Pen, pencil, paper
• 2 ring binder
• Basic calculator

WORK PRACTICE
South Metropolitan TAFE will work with schools to assist in finding suitable work practice for students.

Students will undertake work practice as part of the normal delivery of the program.
COURSES

AUR20512
Certificate II in Automotive Servicing Technology (Heavy Vehicle Servicing Pre-Apprenticeship)

This qualification will teach students how to check and repair dump trucks, bulldozers, loaders and drilling rigs.

Students will cover using tools, cooling systems, dismantling, replacing and assembling mechanical equipment.

Students will develop skills in carrying out servicing operations, inspecting and servicing engines, steering and suspension systems and carrying out repairs to single electrical circuits. Students will also learn how to apply safe work practices and apply basic automotive troubleshooting processes.

May not be suitable for year 12 students as the course finishes after the School Curriculum and Standards Authority resulting deadline.

QUALIFICATION DURATION
1 Year

DELIVERY INFORMATION
Thursday and Friday, 8.30am – 4.00pm

CAMPUS
Thornlie Campus

Additional Information

ADDITIONAL REQUIREMENTS
‘C’ grade or above in Year 10 maths and satisfactory english/literacy skills. Due to the technical nature of the industry students are required to have a comprehensive understanding of mathematical and literacy skills.

ADDITIONAL COSTS
Material fee approximately $50

UNIFORM/PERSONAL PROTECTIVE EQUIPMENT
Students to supply and wear/bring:
• Steel capped footwear that complies with Australian Safety Standards
• Safety glasses
• Overalls or cotton drill pants
• Short sleeve shirt
• Pen, pencil, paper
• 2 ring binder
• Basic calculator

WORK PRACTICE
South Metropolitan TAFE will work with schools to assist in finding suitable work practice for students.

Students will undertake work practice in one week blocks during 1st, 2nd & 3rd term school holidays.

PATHWAYS

SOUTH METROPOLITAN TAFE - VETIS 2017 PATHWAY OPPORTUNITIES
COURSES

AUR20512

Certificate II in Automotive Servicing Technology (Light Vehicle Servicing Pre-Apprenticeship)

In South Metropolitan TAFE’s Certificate II in Automotive Servicing Technology (Light Vehicle Servicing Pre-Apprenticeship) students learn about servicing engine systems, using and maintaining testing and measuring devices, using and maintaining tools and equipment, workplace safety and more.

Automotive apprentices and pre-apprentices at South Metropolitan TAFE enjoy access to hundreds of thousands of dollars’ worth of equipment to train on, including vehicles, specialised automotive repair and diagnostic equipment and specialised workrooms and workshops.

May not be suitable for year 12 students as the course finishes after the School Curriculum and Standards Authority resulting deadline.

COURSES

AUR20712

Certificate II in Automotive Vocational Preparation

This qualification aims to provide students with the initial automotive employability skills and knowledge that prospective employers are looking for. It enhances apprenticeship opportunities in the automotive retail, service and repair sectors of the industry.

This qualification is designed to reflect the role of entry level employees who perform routine tasks under direct supervision in the industry sector.

Students will:
• Gain a feel for the automotive industry in a simulated workshop
• Learn basic hand skills, measuring, cutting, filing, safe working practices
• Manual handling and fire prevention

QUALIFICATION DURATION
1 year

COURSES

AVI20116

Certificate III in Aviation (Cabin Crew)

This course is designed for year 12 students who are seeking an exciting career in the aviation industry as Cabin Crew (Flight Attendants).

The majority of the practical training will be conducted on South Metropolitan TAFE’s very own Boeing 737. Its full-length cabin includes business and economy class seating, operational galleys, cabin service equipment and PA system.

Students will learn how to evacuate down a slide, about (simulated) cabin fires with smoke, fire fighting, ditching and life raft training. The practical skills and knowledge gained in this qualification will be used to facilitate the safety and comfort of passengers and other crew members.

QUALIFICATION DURATION
1 year

UNIVERSITY

Associate Degree of Aviation (Operations)
Certificate II in Building and Construction (Pathways-Trade)

This qualification is designed to provide the learner with foundation skills and therefore enhance apprenticeship prospects in the building and construction industry which is experiencing a current skills shortage.

Students who attend Rockingham or Peel Campus will complete common core competencies shared between many construction trades, then in the 2nd year of study they can select a trade pathway of either:

• Bricklaying and Blocklaying, or
• Carpentry and Joinery.

Students learn skills in handling construction materials, basic hand skills, reading building plans, measuring and calculations. This qualification has an emphasis on the practical aspects of building and construction and will include a number of basic construction projects constructed on campus as part of the training program which complements their classroom studies.

Those students who attend the program delivered at Armadale Senior High School Trade Training Centre attend 2 days per week and will complete brick/blocklaying in the first year, and a carpentry and joinery pathway in the second year.

This program is delivered by South Metropolitan TAFE lecturers, in partnership with Armadale Senior High School, at its state of the art Trade Training Centre.

QUALIFICATION DURATION
2 years

UEE20511
Certificate II in Computer Assembly and Repair

The Certificate II in Computer Assembly and Repair provides competencies to select components and assemble computers to customer specifications and carry out routine hardware repairs.

You will learn workplace health and safety, how to select or fabricate electronics components, undertake electronic repairs, solve problems in DC circuits, use computer applications, assemble and test computers. This is a very practical course with all classes conducted in well-equipped computer laboratories.

MEM20105
Certificate II in Engineering (Heavy Fabrication Pre-Apprenticeship)

Metal fabricators and welders manufacture, assemble and maintain mining structures, heavy transport and earth moving equipment, bridge building, engineering components, building structures, refineries, oil-rigs, storage vessels, ship building and agriculture.

As part of this pre-apprenticeship program students learn how to cut, shape, join and finish metal to make metal structures and products. Students will also learn how to use tools, measure and calculate and draw and interpret sketches.

South Metropolitan TAFE’s specialised metals and engineering workshops are purpose built. Coupled with industry relevant equipment, they provide students with a realistic study environment so that students are ready to work in these high demand trades upon graduation.

May not be suitable for year 12 students as the course finishes after the School Curriculum and Standards Authority resulting deadline.

QUALIFICATION DURATION
1 year

DELIVERY INFORMATION
Thursday and Friday, 8.30am – 3.15pm

CAMPUS
Thornlie Campus

Additional Information

ADDITIONAL COSTS
• Material fee of approximately $100

UNIFORM/PERSERSONAL PROTECTIVE EQUIPMENT
Students to supply and wear/bring:
• Steel capped footwear that complies with Australian Safety Standards
• Safety glasses
• Overalls or cotton drill pants
• Long sleeve industrial shirt

WORK PRACTICE
South Metropolitan TAFE will work with schools to assist in finding suitable work practice for students.

Students will undertake work practice as part of the normal delivery of the program.
MEM20105
Certificate II in Engineering (Mechanical Fitter and Machinist Pre-Apprenticeship)

Fitters are often employed in engineering workshops. There are also a large number of skilled workers in the mining industry and on offshore oil rigs, repairing and servicing heavy mining equipment. Fitters also work with pumps, hydraulics and pneumatics.

Machinists work from detailed drawings to create parts (made from metal and other materials) using lathes, milling machines and various power tools, to make and service machinery, pumps and other equipment.

This qualification will teach the practical skills needed to make and repair machines, parts and tools. Students will learn about measuring and cutting, safety in the workplace, quality control, mechanical cutting and machining and how to draw and interpret sketches.

May not be suitable for year 12 students as the course finishes after the School Curriculum and Standards Authority resulting deadline

QUALIFICATION DURATION
1 year

DELIVERY INFORMATION
Thursday and Friday, 8.30am – 3.15pm

CAMPUS
Thornlie Campus

Additional Information

ADDITIONAL COSTS
- Material fee of approximately $60

UNIFORM/PERSOAL PROTECTIVE EQUIPMENT
Students to supply and wear/bring:
- Steel capped footwear that complies with Australian Safety Standards
- Safety glasses
- Overalls or cotton drill pants
- Long sleeve industrial shirt

WORK PRACTICE
South Metropolitan TAFE will work with schools to assist in finding suitable work practice for students.

Students will undertake work practice as part of the normal delivery of the program.
MEM20105

Certificate II in Engineering (Mechanical-Plant Mechanic Pre-Apprenticeship)

Plant mechanics work with a range of tools to diagnose and repair industrial or agricultural machinery and equipment malfunctions.

As part of this qualification students learn how to check and repair dump trucks, bulldozers, loaders and drilling rigs. Students also cover using tools and cooling systems, and dismantling, replacing and assembling mechanical equipment.

Obtaining a sound background in plant mechanics enables students to make an informed decision on which pathway in the metal and engineering industry is for them and it improves their chances of employment in the industry.

May not be suitable for year 12 students as the course finishes after the School Curriculum and Standards Authority resulting deadline.

QUALIFICATION DURATION
1 year

DELIVERY INFORMATION
Thursday and Friday, 9.00am – 3.15pm

CAMPUS
Thornlie Campus

Additional Information

ADDITIONAL COSTS
• Material fee of approximately $50

UNIFORM/PERSONAL PROTECTIVE EQUIPMENT
Students to supply and wear/bring:
• Steel capped footwear that complies with Australian Safety Standards
• Safety glasses
• Overalls or cotton drill pants
• Long sleeve industrial shirt

WORK PRACTICE
South Metropolitan TAFE will work with schools to assist in finding suitable work practice for students.

Students will undertake work practice in one week blocks during 1st, 2nd & 3rd term school holidays.
MEM20413
Certificate II in Engineering Pathways

This qualification is intended for students interested in gaining exposure to an engineering or related working environment with a view to entering into employment in that area.

Students will develop trade like skills and knowledge in a range of engineering and manufacturing tasks which will enhance their entry-level employment prospects for apprenticeships, traineeships or general employment in an engineering-related workplace.

Some of the units of competency will articulate into an apprenticeship program in the metals trade areas, which may reduce the amount of time required to complete an apprenticeship.

Students will work with engineering tools and equipment to produce or modify objects in a safe and effective manner.

QUALIFICATION DURATION
1 year

DELIVERY INFORMATION
Thursday and Friday 8.00am – 3.30pm

CAMPUS
Rockingham Campus
Peel Campus

Additional Information

ADDITIONAL COSTS
- Text books approximate cost $100
- Engineering drawing equipment approximate cost $80
- Welding bag approximate cost $55 (optional)

UNIFORM/PERSONAL PROTECTIVE EQUIPMENT
Students to supply and bring/wear:
- Steel capped footwear that complies with Australian Safety Standards
- Long work trousers and long sleeved shirt or cotton overalls with sleeves
- Calculator

WORK PRACTICE
It is recommended that students undertake the Workplace Learning program at their school in an engineering environment to gain exposure to the engineering industry (optional).
MEM30505

Certificate III Engineering Technical

This qualification aims to teach basic skills needed to gain initial employment in an Engineering office.

The Certificate III will look at the industries of Civil, Structural, Mechanical and Electrical Engineering.

Skills such as mathematics, drafting and design, selecting, assembling, setting up and maintaining simple equipment and systems to a prescribed routine or standard will be covered in this qualification.

This course is designed to:

- Develop skills in the design, development and testing of mechanical products and systems
- Provide a thorough grounding in the engineering, physical and mathematical sciences
- Develop an appreciation of the management of engineering activities
- Develop the ability to undertake life-long professional learning
- Develop an awareness of the professional responsibility for a sustainable environment
- Provide articulation to university undergraduate programs

On successful completion of year 12 and the Certificate III in Engineering (Technical), South Metropolitan TAFE will guarantee a place for graduates (based on merit) in the Diploma of Engineering.

QUALIFICATION DURATION
1 year

DELIVERY INFORMATION
Fremantle (Beaconsfield), Friday 9am - 3:30pm
Carlisle, Thursday 9am - 3:30pm

CAMPUS
Fremantle (Beaconsfield) Campus

ICT30115

Certificate III in Information, Digital Media and Technology

This qualification provides students with the skills and knowledge to select, install and use computer software and hardware products and the ability to provide computer support within an organisation.

Students learn how to build a computer from individual components, install and configure an operating system, install software applications and run diagnostic tests.

Additional skills include being able to set up small networks and to understand how to locate and fix network problems.

This is a very practical course with all classes conducted in well-equipped computer laboratories.

Graduates may continue in the high-value networking pathway by completing the Certificate IV in Networking. Networking is a skills shortage area in Western Australia and there are significant employment outcomes for graduates at the higher levels.

FDF20510

Certificate II in Retail Baking Assistance (Pre-Apprenticeship)

Bakers prepare and bake all types of breads, rolls, cakes, pastries and baked goods. They usually work for bakeries that sell food for direct consumption by the public, or they may work for large organisations such as airlines, hotels or the military.

Bakers use raw ingredients, combine them either using machines or by hand and then bake them in ovens. They may also glaze, decorate, slice and wrap these products for individual consumption.

As part of this course students learn about producing a range of breads, cakes, biscuits, cookies, pies and other baked goods for retail and wholesale bakeries and dining establishments.

Students also learn about occupational health and safety, food hygiene and sanitation and effective workplace communication and about how to apply these practical skills in the workplace.

May not be suitable for year 12 students as the course finishes after the School Curriculum and Standards Authority resulting deadline

Certificate III in Screen and Media

This qualification will provide students with the practical skills and knowledge to undertake a range of operations in the exciting and creative digital media industry.

The two main areas of specialisation in this course are animation and digital effects and digital content and imaging. This is a very practical course with all classes being conducted in well-equipped computer laboratories using iMacs, Windows based PCs, cameras and other peripherals. Software available includes Autodesk, Adobe, Unity and more.

Students learn to develop and extend their creative thinking skills, create 2D and 3D animations, produce drawings, prepare and produce photo images, create and maintain websites and author interactive media. These studies will greatly enhance students’ media skills, set them on a firm footing towards a media career, and also prepare them for employment.

May not be suitable for year 12 students as the course finishes after the School Curriculum and Standards Authority resulting deadline.

EDUCATION SUPPORT PROGRAMS: APPLICATION PROCESS

Online applications are not required for Education Support Programs. School VET Coordinators are required to complete the Application Form on page 44 and email this to vetis@smtafe.wa.edu.au by the application closing date.

South Metropolitan TAFE continues its commitment to providing options for all school-aged students including those attending Education Support Centres or undertaking Education Support programs. We provide learning environments that welcome students of all abilities and promotes inclusiveness. Students with disabilities and a diverse range of learning needs can attend South Metropolitan TAFE alongside their peers.

The programs outlined over the following pages have been selected as suitable for Education Support students. When considering South Metropolitan TAFE programs, it is important to consider all the requirements before applying.

Schools are expected to send Education Assistants with students who require in-classroom support at school. If you are unsure about the suitability of a program please discuss with your school VET Coordinator.

HOW TO APPLY

Step 1: With your VET Coordinator, read the course requirements carefully to determine a program that you are interested in undertaking.

Step 2: Once you have selected a program (or programs), you and your parent/guardian are to complete the Application Form.

Step 3: Return the application and any supporting documentation to your VET Coordinator by the date required (if you aren’t sure – ask your VET Coordinator). The VET Coordinator will complete your application and submit the documentation to South Metropolitan TAFE.

Step 4: Successful students will be advised by the school before the end of 2016. Early in 2017, parents and students will be provided with information about your selected program, public transport options, where to meet on the first day and any other important information.

FOR MORE INFORMATION, PLEASE CONTACT YOUR SCHOOL VET COORDINATOR.

Automotive Skill Set

SUITABLE FOR STUDENTS IN EDUCATION SUPPORT CENTRES/PROGRAMS

This course aims to provide students with exposure and experiences in the automotive industry. The information provided in this outline is an example of one type of Skills Set. Skills Sets can provide a taster for various pathways within the automotive industry.

Skills Sets can be tailored to suit the individual school and the needs of the students. Students will receive a Statement of Attainment for the competencies they complete. The course length will be determined by the competencies that are selected.

### PARENT/GUARDIAN PERMISSION

By submitting this application you have given consent for information on your child to be used by the Department of Education and the Department of Training and Workforce Development and associated stakeholders for the purpose of selection.

I understand that this application does not automatically secure my child’s position. If my child is successful in securing a place in a South Metropolitan TAFE Program, I will support my child, the school and TAFE to ensure that the course requirements are completed.

SCHOOL-BASED TRAINEESHIPS AND APPRENTICESHIPS

COURSES

SOUTH METROPOLITAN TAFE - VETIS 2017 PATHWAY OPPORTUNITIES
## SCHOOL-BASED TRAINEESHIPS AND APPRENTICESHIPS

School-based traineeships and apprenticeships are paid employment-based training programs for full-time school students, 15 years of age and over. Under these arrangements the student is both a full-time student and a part-time employee with the same employment and training privileges and responsibilities as other apprentices/trainees.

To be a school based apprentice/trainee a student must fulfil certain requirements, including:

- Enter into a training contract with an employer to complete an apprenticeship/traineeship
- Have their school’s agreement to undertake the school based apprenticeship/traineeship
- Have the completed units of competency of their apprenticeship/traineeship included on their Western Australian Certificate of Education.

For more information, please contact your school VET Coordinator.
