The application form needs to be returned to Fiona Gatey at Greenwood College by AUGUST 31 2018.

ERTECH CONSTRUCTION ACADEMY

This qualification is a pathway into Civil Construction (Certificate II in Civil Construction). This is a one day per week program is at the Ertech Construction Academy in West Swan.

This opportunity blends classroom instruction with practical projects on the work site. At the conclusion of this course many graduates have been employed by Ertech & others have managed to secure career opportunities with related businesses.

Bus transport is provided to and from the Academy from Guildford Train Station – so any student in the metro area who can get a train to Guildford would be able to attend. This is a FEE PAYING course and is costed at \$2500 (based on 2018 pricing and subject to change).

[Program Information](#)

[Application Form](#)

Note: please enter Greenwood as your current school. Enter Fiona Gatey as the VET Coordinator/ fiona.gatey@education.wa.edu.au

The "School Reference" section MUST be completed and signed by your school VET Coordinator

The application forms and a copy of your most recent school report need to be returned to Fiona Gatey at Greenwood College by AUGUST 31 2018.

COLLEGE OF ELECTRICAL TRAINING (CET)

This is a Pre-Apprenticeship in School program, with the Certificate II in Electrotechnology being delivered over 1 year at CET's Joondalup campus. Students attend the CET's Joondalup Campus for one day per week and complete an Electrical work placement during holiday/exam periods. The remaining 3 days are completing their MSC program.

To be considered students must set up an account and register to complete the 'Readiness Assessment' test. Follow the "Energy Space instructions" and select a date/time to complete the test (between August 20th and August 24th).

Complete the Expression of Interest Form and return this to to Fiona Gatey at Greenwood College.

- SIT30616 Certificate II in Hospitality

This course is offered to students under the auspices of Hospitality Group Training (RTO 0386)

- CHC22015 Certificate II in Community Services
- SIS20115 Certificate II in Sport and Recreation

These courses are auspiced with Australian YMCA Institute of Education and Training (RTO 3979)

- CUA20615 Certificate II in Music Industry

This course is auspiced with the Australian Centre for Advanced Studies (RTO 50392)

It is important that students and parents understand that if a student chooses to participate in a VET program, the student may miss classes at Greenwood. It is a condition of participation that the student keeps up with all aspects of his/her program of study. VET programs count as a course/unit equivalent towards WACE and participating students may be allowed to reduce their course load to give them the greatest opportunity to succeed.

Fee for service programs

VET Fee for service courses with an external Training Provider: The full cost of these courses is to be met by the parent, with a 50% confirmation charge to be paid to the College upon

acceptance into the course and the remaining balance to be paid in full prior to the commencement of the course.

School Based Traineeships (SBTs)

A school-based traineeship is approximately an 18 month commitment. Once the contracts are signed, students are employees and are paid a training wage for the on-the-job component of their traineeship.

Successful candidates complete a Certificate II in their industry area, which will count towards secondary graduation and therefore allows a reduction in the number of courses the student studies at GC.

School-based traineeship opportunities are advertised as they arise. SBT's involve employers and are managed by industry representatives and the College. Students usually undergo a trial period with an employer and, if successful, may commence a traineeship.

Greenwood College staff will assist and support any student who arranges to commence a school-based traineeship with an employer. Not all industry areas have school-based traineeships. Further information is available at www.trainingwa.wa.gov.au

School Based Apprenticeships

A school based apprentice can commence in Year 11 or Year 12, and starts an apprenticeship whilst still at school. The student will develop skills and get paid whilst getting ready for a career in the workforce, as well as working towards WACE and an industry recognised qualification.

Students would generally work for two days per week for one semester and then work for one day and attend a Training Provider course for one day in the second semester. Further information is available at www.trainingwa.wa.gov.au

Greenwood College staff will assist and support any student who arranges to commence a school-based apprenticeship with an employer. Not all industry areas have school-based apprenticeships.
