

APPLICATION AVIATION SPECIALIST PROGRAM

Greenwood College is proud to offer a successful and widely recognised Specialist Aviation Program. Students with enthusiasm and a passion for aviation have the opportunity to build and develop skills in leadership, teamwork and vocational training.

The Greenwood College Aviation Program has a long history of engaging students in the theory and practical aspects of aviation. Students will study aerodynamics, understand the structure of the aircraft and mechanics. An additional opportunity to experience flight in helicopters and advanced fixed wing aircraft is also available to students.

Academic Testing is conducted for entry into the program.

- Successful applicants will be required to participate fully in the program.
- Students who enter the Specialist Aviation Program are required to commit to the program until the end of Year 10. A student outside the intake area may not be able to continue at the College should they decide to withdraw from the program.
- As a condition of continued enrolment at Greenwood College, the school requires students to achieve to a set standard in their specialisation and in other studies for the four years they are in the program and adhere to the Specialist Program code of Conduct.

Applicants should provide evidence in their application of the following criteria:

- Genuine enthusiasm and interest in aviation.
- Demonstrated consistent high performance of behaviour and attitude.
- Satisfactory academic performance.
- High level of ability in mathematics.

*****Please attach your child's most recent semester report available to the application*****

Selection process:

1. Application to be lodged with the initial "Application for Enrolment" for new Greenwood College students or during the subject selection process for existing Greenwood students.
2. Enrolling students will be invited to attend the Aviation Assessment at Greenwood College.
3. Applicants will be notified as soon as the process has been completed.
4. Successful applicants will be required to complete the Specialist Program Code of Conduct and will commence in the Program as advised.
